# Report of the Superintendent

To the Citizens of the Town of Dummer:

My brief tenure in the North Country has not provided me with the opportunity of meeting and getting to know many of you. However, I hope to do so on occasion and perhaps discuss with you your concerns about schools, education, and the cost involved.

## Deficit Appropriation

Article 6 of your school warrant requests a deficit appropriation of \$9,000.00 to meet some of the legal expenses of the district during the current school year. These unanticipated expenses were brought about by the double session in Berlin this fall.

The areas of increased expenditure are in transportation expenses covering gasoline, salary of the bus driver, and the agreement with Mr. Tankard. In addition, we have an increased tuition expenditure due to the number of students and having to meet the public portion of the Dual Enrollment Program Berlin has with the parochial schools. All of these added costs were unanticipated last March when you held your annual meeting.

## Local Appropriation

The amount to be raised by local taxation to meet the district's obligations for 1972-73 show an increase as follows:

	1971-72	1972-73
Budget	\$41,487.82	\$43,719.01
Receipts	8,461.78	586.06
		\$43,132.95
	Deficit	9,000.00
Raised by Taxation	\$33,026.04	\$52,132.95

## State Aid

The State of New Hampshire has been supporting local schools for the last few years on the average of 12 percent of total educational costs. This year this figure dropped to 4 percent and for the Town of Dummer \$.00 This reduction represents a loss of \$2,400.00 to Dummer, an amount which had to be made up through local taxes.

### **Enrollment**

Your school enrollment for the 1972-73 school year shows an increase of 7 students. These represent parochial students for whom Dummer has not had to pay tuition in the past. However, with the dual enrollment, the total cost of which comes from the city of Berlin, outside communities became responsible for that portion of the costs.

Anticipated enrollments are as follows:
